EDUCATION

UNIVERSITY OF JOHANNESBURG
BSc Information Technology
2023

SKILLS

- UI/UX Design
- User Research
- Usability Testing
- JAM Stack (Javascript,API's,Markup)
- Object-Oriented Programming (OOP)
- Front-End Development
- Back-End Development
- Database Management
- Version Control
- Responsive Design
- Problem-Solving Skills
- Testing and Debugging
- Security Fundamentals
- PHP, JAVA, HTML, CSS, .NET, C# & C++

Kamogelo Mosia

WEBSITE DEVELOPER | MOBILE DEVELOPER | FULL STACK PROGRAMMER

I am deeply **passionate about programming** and thrive on exploring cutting-edge technologies. My enthusiasm extends to **AI** advancements like **GPT models** and the evolving landscape of metaverse technologies. This passion drives my commitment to staying at the forefront of technological innovation. I have **no criminal record** behind my name.

WORK EXPERIENCE

INTERN WEB DEVELOPER SIGNS4SA
November 2023 – January 2024

1. Managed PHP/Laravel website and PHP MyAdmin database.
2. Oversaw full lifecycle development including bug fixes, testing, and deployment in React/PHP environments.
3. Ensured robust web application performance.
4. Acquired SEO optimization skills using tools like UberSuggest, Screaming Frog, Google Search Console, and Neil Patel's applications.
5. Optimized websites for easier locating on the internet.
6. Worked on the website <http://www.signs4sa.co.za>.

FRONTEND DEVELOPMENT | UNIVERSITY OF JOHANNESBURG | SIGNS4SA
February 2023 – December 2023

1. Developed an HTML and CSS website for an Inventory Management System, following JAMstack principles.
2. Built a complete website using React, Bootstrap, and JAMstack methodologies.
3. Worked on the Signs4sa project <http://www.call-trax.co.za>

OBJECTIVE

Passionate and experienced **web developer** seeking to apply extensive programming skills in a challenging and innovative environment. Committed to delivering high-quality, user-centric solutions and staying abreast of the latest industry trends.

EDUCATION

BSC INFORMATION TECHNOLOGY IN COMPUTER SCIENCE AND INFORMATICS

UNIVERSITY OF JOHANNESBURG

STUDENT NUMBER **217004345**

Kindly contact UJ for full transcript due to Financial Constraints

February 2018 – December 2023

Modules Completed:

Computer Science 1A
Computer Science 1B

Computer Science 2A
Computer Science 2B

Computer Science 3A
Computer Science 3B

Informatics 1A
Informatics 1B

Informatics 2A
Informatics 2B

Informatics 3A
Informatics 3B

Information Management 1A
Information Management 1B

Information Management 2A
Information Management 2B

Mathematics 01A1

OBJECTIVE

Proficient web developer aiming to leverage a strong background in full-stack development, including Node.js, PHP, and Laravel, in a challenging role. Focused on delivering exceptional, scalable web applications and keeping pace with advancements in **web frameworks**, API integration, and cross-platform compatibility

TECHNICAL SKILLS

- Web Development (Frontend and Backend)
- Node.js, React, React Native, Bun
- Bootstrap UI Development
- JavaScript (including Vanilla, Vue, React)
- PHP and Laravel Framework
- C# (including ASP.NET, WebForms)
- C++ (Visual Studio Form Applications)
- Java (including Networking, OOP, Graph Algorithms)
- Database Management (PHPMyAdmin , SQL Server Manager)
- API Development and Integration (C# Web .Net, Node.js)
- Software Testing and Debugging (SDLC)
- .Net
- MASM Assembly Low Level Development
- Hosting Service management (Xnello, Afrihost)

ACHEIVEMENTS

- **Highest Mark Information Technology** 2016
Highest Mark Achieved In Information Technology class of 2016 matric. NSC
- **Participation in Grade 11 PAT Project District Wide** 2015
Grade 11 IT project Chosen to represent my school competing against other scholars in Ekurhuleni
